

STEP 1: The rear panel of the Banner Graphic Wrap can be opened to access your (optional) mini case door.

STEP 2: Pull the top right corner of the graphic to begin opening the rear door flap.

STEP 3: Open the velcro closure on the bottom edge of the graphic.

STEP 4: On the left side of the flap, leave the velcro attached. This keeps your graphic in place, and creates a "hinge" to allow you to easily open and close the graphic.

STEP 5: Unlock your case door using the provided keys. These ship in a pouch attached to the inside of the door.

STEP 6: Open your door!
